

THA SILENT PARTNER **PLATTERS, ACT 6: PLATES FROM '08**

Welcome to another installment of Platters. Honestly I never thought that I'd reach act 6, but here we are! (I feel like I've said that line already... oh well I'll say it again) Anyways... if you're new to platters, let me get you up to speed... platters is a instrumental beat series produced by yours truly. Each platters is presented as an act with a theme running throughout. With act 6, I went back into the vaults and dug up some gems from 2008!

Late 2007 saw the release of Pavement Politics with Formula (then known as Unknown) and act 1 of Platters which were both met with surprisingly good results. 2008 I started working on act 2 and producing work for other artists that I was networking with. Well... both plans fell apart. Act 2 because of netlabel bullshit and all that networking pretty much lead to nothing. So I just kept it moving... but I always find myself visiting the vaults and taking a trip down memory lane to 2008. Why? I don't know, man! I just like bumping them and if you're a fan of my work, I know you will too! That's it... lol. Enjoy!
