Subway Cameo 3:31

White noise of the city
Rumbling to the dirty roar of the trains
Then in the window instantly
You slipped under my reflection

Why, hello late night picture show...
Iron beams they roll between us
Making up the frames
Of our little 8mm film

You never looked up once
So beautiful alone
I didn't mean to stare
Then never seen again

Well, there goes our late night picture show...
Iron beams they rolled between us
Making up the frames
Of our little 8mm film

You never looked up once
So beautiful alone
I didn't mean to stare
Then never seen again

My subway cameo,
Goodbye.

Thanks again to **Pete Lund**... another incredible song!
A great example of quality over quantity, for sure.
