

JUST PLAIN ANT
THESE TIMES / SCREAM OUT

Just Plain Dope

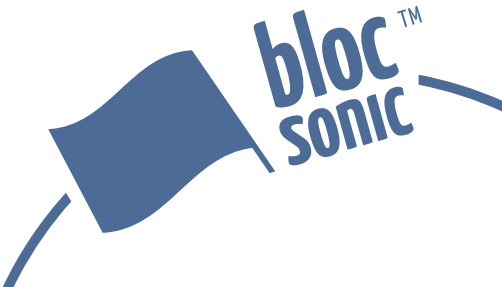

If you haven't already checked out the excellent Just Plain Ant release "Rumble, Young Man, Rumble", here's a little reminder for you. This, the final album maxi-single contains a double dose of album cuts with a couple dope remixes and a sneak peek at Ant's upcoming September 7th release "seewhateyesees".

Special thanks to JFKmusik and Rowan who turned out more of that real stuff for all you hip-hop fiends! Don't sleep on this.

Peace
