

A surreal illustration of a woman with a dinosaur head, wearing a white tank top and patterned shorts, sitting on a green sofa and reading a book. She has a small black object, possibly a camera or a light, hanging from her neck. The background features a large, vintage-style television set with a dark screen and two large dials on the right side. To the left of the woman is a small wooden table with a black and white polka-dot container. To the right is a white coffee table with a book on it. The floor is covered with a patterned rug, and a red object is visible in the bottom right corner. The overall color palette is dominated by green, yellow, and red, with a dark, starry background behind the television.

1 *ROOTLESS* 2:32

You can dance, you can move
You can slide, you can groove
If you want to

Rootless, use this form that
You just borrow for a while

You can get your face wet
There's no law against it yet
If you want to
You can spend all your time
In a bottle of wine
If you want to

But you get lost in a screen
Til your insides turn green
And the buds in you sprout
Til the woods seem to shout out your name
It's in vain, cos you've locked up your brain
It's a shame

max**Bloc**

Where's your smile?
Gimme that smile

2 ALL TIME LOW 2:27

My confidence is at an all time low
I can't seem to find my get up and go
While my confidence is oh so low

A laneway of trees
The late summer breeze
No sense of unease in me
You see, my strap muscles grew
Turned into a noose
Pull and it's easy for you to be
Without worry

Misshapen and atrophied positive point of view
It's been an interesting trip to say the least
Now these lovely people I've met have appetites to whet
When you're finished trying to be the ghost at the feast

My confidence was at an all time low

maxBloc

Never a truer word spoken, you had to go
I wish I could say 'nice to know you'

3 *TOOK A WALK* 2:46

I took a walk down the other side
To see what I could see
The flowers and trees all started to hide
There's nothing here for me
The squirrels chatter like machine gun fire
And the moisture on my eyeballs started to freeze
Beneath the stones, the dead rattle their bones
But there's nothing here for me

So take a little break from your big mistakes
And live a life, for once, all of your own

Now I turn into a massive lung
And drink up the day
The trees all leap from the soil
And they leave a colossal empty space
Where seasons blend
Reason ends

max**Bloc**

Every corner, a friend
What kind of message is the world sending?
With robins on branches
Conspirators' glances
Hypnotic red trances
And you
I nearly missed you

Yeah take a little break from your bellyache
And live a life, for once, all of your own

4 GREY DAY 3:43

It doesn't matter where you go
Doesn't matter what you see in me
Doesn't matter what you say
It's a grey day to me
The walls laugh at omens past
That silly bastard misery
Is out of tricks but for his last
Throws a grey day at me

The mood slides, you stay inside

maxBloc

Your mind churns as day turns to night
And a city of pages lures you in
Well-thumbed amber places welcome you with a grin
You know it's been ages since you've had a drink
Meander and come upon your dusty friends
We'll meet again with hollow souls
The couch swallows you whole

Regurgitated and new
A spectral assembly dance all around you
A surge of red, green and blue
The spectrum resembles the somersault world you knew
When you rubbed your eyes as a child
Son of all things wild
You won't grow today, so there's just no way
You'll know a grey day
