

THA SILENT PARTNER

(muted)
sessions

Hey...

I was gonna to write something long and expressive, But nah...

MUTE wasn't complicated.

Just 2 British born Beatmakers living 1000's of miles away from each other joining forces
because we understood each other's style.

It started on a Forum in 2007 Where I introduced my music and the Silent_Elves EP (a Collab with the multi talented Cold_Elf). Keith was blown away. After many AIM convo's and beat swaps, MUTE formed and Pavement Politics Vol.1 Began. I produced 6, Keith the same.
AND WE CREATED A CLASSIC. AN INTRODUCTION OF BOOM BAP BEATS TO THE NET LABEL WORLD.

A lot of things started because of us and no one will believe us.

I thought we should of started Vol. 2 like a month later... but Keith would have other plans.
And well, You know the rest.

11 years later and Now we're here... (muted) Sessions.

These are some of the tracks I produced during the MUTE sessions that didn't make the final track lists of Vol. 1 + 2. Some of the tracks were placed on other projects that never finalized and ultimately brought back. I feel it is time to close the chapter of MUTE. Until a new story opens another chapter... One not so dark. lol. One of growth, experience and Dope ass beats.

Thanks, Keith

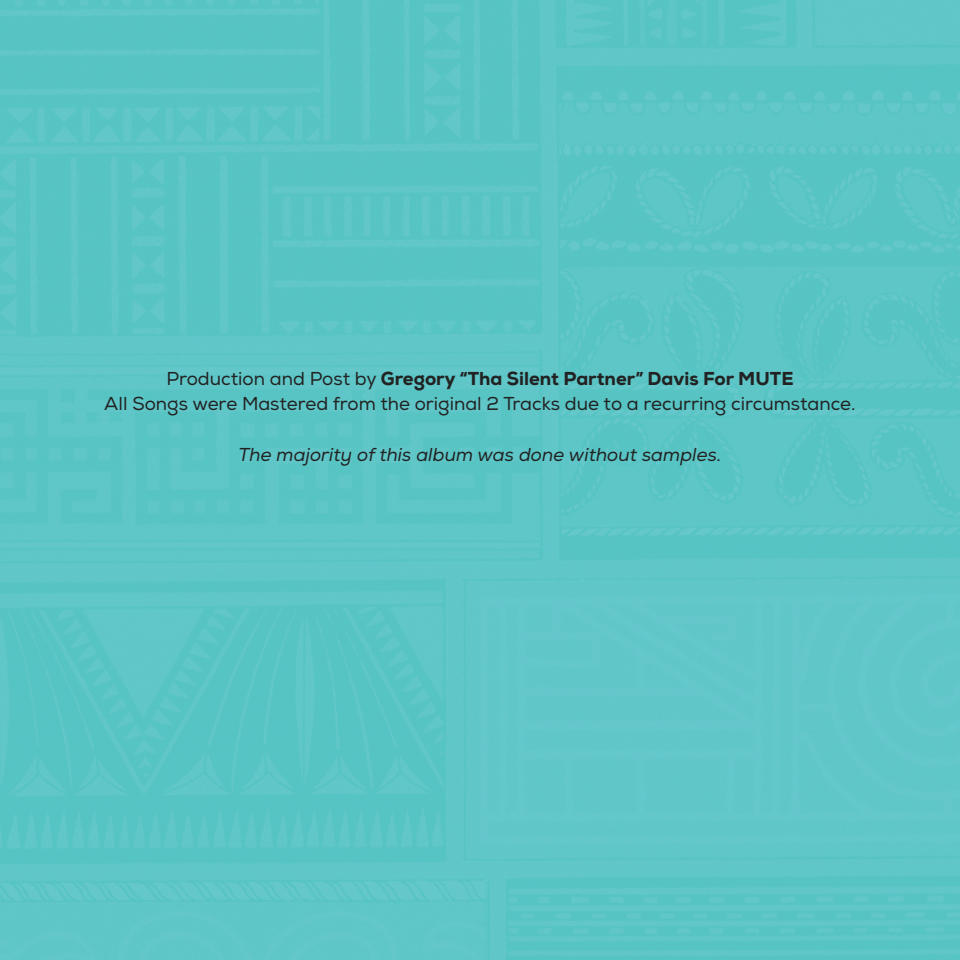

Thanks, The Bowrd

Thanks, Jamendo

The background is a collage of various patterns. On the left, there are vertical bands of geometric patterns, including a series of 'X' shapes and a series of vertical lines. Below these, there's a large, stylized 'V' shape made of triangles. On the right, there's a large, stylized 'K' shape made of triangles. In the center, there's a large, stylized '2' shape made of triangles. The patterns are in shades of teal and blue.

2 (muted) Rarities

Just more tracks that didn't make the cut and a couple B-Side cuts
from the Myspace promo tape days.

*FYI... Keith had a few rare joints that didn't make Vol. 1 Check "idiot's guide to PCP" on Vol.2!
It was actually featured on our Myspace page 1st.*

*FYI... There was brief period were Keith and I had to shut down recording... something he had to
take care of. I ended up Recording "Gregory Davis's Amateur" for the net label, This Side Down.
Its 1st song was used in the Promo vid I made to promote the MUTE album. Also there's a song
called "4 Keith" on it Which I wrote because I was worried about him when he had to take off. I
played it to him when he came back. He liked it.*
