ENGLISH

Danke Sun are a spanish alternative-rock band formed by **Jordi Bohigues** and **Javier Peiró**, both members of **Daily Khaos delivery** (DKd). The name of Danke Sun came about as an attempt to shorten their band name into something more simple and catchy. The project kicked off at the end of 2016 and lyrically brought the band back to their origins, writing songs in their mother tongue.

As Danke Sun, they continue making music in the same ways they did with Daily Khaos delivery and their side-project **Deadlines**, but with a bigger influence coming from eighties spanish pop-rock bands that were big in Spain.

Between 2017 and 2018, Jordi and Javier focused on writing songs and recording demos. The result of those sessions was their May 2018 debut EP, *Movimiento*, which contain the songs *Movimiento*, *A contraluz*, *Al final* and *Miss interrupción*.

In 2019 Danke Sun embarked on the recording and production of what has become their first long playing album, named *Aquí hay una araña*. Completed in November 2019, it contains ten brand-new songs, all of them written in spanish.

Aquí hay una araña is being released in July 2020 by the American label **blocSonic** (which has already published the Daily Khaos delivery releases *Lose your ways* and *Plastic houses*). It features the songs *A punta de pistola*, *Asimétrico*, *Bandeja de plata* and *Danke!*. There will also be three maxi-singles containing exclusive remixes and B-Sides *Malayerba*, *Contratiempo* and *Corporativa*.

ESPAÑOL

Danke Sun es un grupo español de pop-rock alternativo formado por **Jordi Bohigues** y **Javier Peiró**, ambos integrantes de **Daily Khaos delivery** (DKd). El proyecto surgió a finales de 2016, y musicalmente supone una vuelta a sus orígenes, ya que se decantan por componer y grabar las canciones en español. La fórmula en cuanto a estilo y sonido mantiene las bases ya fijadas en sus proyectos anteriores como **Daily Khaos delivery** o **Deadlines**, y es una evolución natural de dichos proyectos.

El grupo empieza a trabajar en la composición y elaboración de nuevas canciones durante 2017 y 2018.

Como resultado, Danke Sun publica un primer EP, *Movimiento*, en mayo de 2018, en **Southern City's Lab**. Dicho EP contiene las canciones *Movimiento*, *A contraluz*, *Al final* y *Miss interrupción*.

En 2019 Danke Sun se embarca en la grabación y producción del que será su primer LP, *Aquí hay una araña*. El disco queda terminado en noviembre de 2019, contiene diez canciones completamente nuevas, y está compuesto totalmente en español.

Aquí hay una araña ha sido publicado en julio de 2020 por el sello americano **blocSonic** (dicho sello ya publicó anteriormente los discos *Lose your ways* y *Plastic houses* de **Daily Khaos delivery**). El álbum presenta las canciones *A punta de pistola*, *Asimétrico*, *Bandeja de plata* y *Danke!*. Paralelamente a la publicación del LP, se lanzarán tres maxi-singles que contienen temas del disco, remixes exclusivos, y las caras B *Malayerba*, *Contratiempo* y *Corporativa*.
