## **ABOUT AITÄNNA77**

aitänna77, the solo project of Spanish musician Mikel Martínez, released his debut "Health Needs" in 2007. Moving from folktronica to bedroom pop and then to cloud-rap, he decided to reconsider his sound in 2012, after his third album, "El Drama Del Descenso"

Thus, three years later, "Patterns For Smartness" introduced this new approach, a collection of dreamy and ethereal songs (Boards Of Canada, Broadcast) that for his fifth and previous album "Any Place But Here" collided with the raw and organic beat-making technique of producers like Madlib or RZA. His new album "Memory Lane" keeps exploring both worlds, always with a hazy and gloomy feeling.
